

KEY REFLECTIONS ABOUT AED TREATMENTS FOR CHILDREN WITH EPILEPSY

FOCS SESSION 1

UNDERSTAND TREATMENT

parents hope/wish to have the chance to fully understand implications of AEDs for their children's medication treatment, beyond the most common side and adverse effects

www.edmontonepilepsy.org

EMERGENCY ROOM

parents hope to be better prepared when they land in an emergency room because of their children's seizures or side effects from epilepsy AEDs

SEIZURE MANAGEMENT

remains key goal to avoid long-term impact on brain development

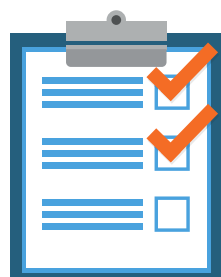

FAMILY ACTION PLAN

SUPPORT TOOLS

parents can benefit from a visit preparedness checklist and medication comparison table

RESEARCH

parents can focus on research, keeping in mind it is an ongoing process
