

# NEURONS PROJECT

Join the Edmonton Epilepsy Association | EEA | in our 2022 Neurons project! Learn about neurons, build your neurons, share your neurons and guess how many neurons we collected!

## WHY

- ✳ Learn about neurons, the brain, seizures and epilepsy!
- ✳ Get creative, build community and support the EEA fundraising efforts!

## WHAT

- ✳ Build your neurons!
- ✳ Use your own materials or get a free building kit from the EEA!

## HOW

- ✳ Learn to build a neuron
- ✳ Take a pic or a video and share it with us!
- ✳ Bring the neurons back for a guessing fundraising activity

## WHEN

- ✳ Learn, build and share until October 31, 2023.
- ✳ Guess and fundraise between November 1 and December 16, 2023!

## EDUCATION | AWARENESS | FUNDRAISING

*The EEA's vision is to Empower People Who Live With Epilepsy! We empower through awareness about seizures, and epilepsy and about our services and programs! We empower through education and fostering learning opportunities, to build understanding and lower stigma associated with epilepsy and seizures! We empower through engagement, community projects and sharing of information about the fourth most common neurological disorder in the world!*
