SHERRI-LEE EMIRY	First Term ends February 2027
KIMBERLY ANGUS	New director - first term ends 2029

KIMBERLY ANGUS (NEW DIRECTOR)

My name is Kimberly Angus, and I am a current member of the EEA. I am directly impacted by and am a person living with Epilepsy. As someone with experience in navigating Epilepsy and being deeply committed to advancing awareness, support, and advocacy for individuals affected by epilepsy, and I can contribute meaningfully to the vision and mission of the EEA.

I have worked in the legal field for over 15 years with experience in Board Governance, Policy and Bylaws. I have volunteered with the EEA for the Epilepsy Portrait Project for the 65th Anniversary Symposium and Gala, I was on the EEA Holiday Planning Committee, and I have experience supporting friends and their families that have been affected by Epilepsy. My professional background in the legal field, my personal experiences and connection to the epilepsy community have shaped a strong desire to help drive impactful change through strategic leadership and collaboration.

I am particularly drawn to the EEA's commitment to education, community outreach, research and support. I would be honored to bring my skills in governance, fundraising, and advocacy to the board and help further these efforts.

MOTION:

Be it resolved that the current list of directors be confirmed as the EEA Board of Directors for 2026, according to their respective term durations as per the above table.
