A Special Community Milestone

During this event, our organization—serving Albertans since 1960—will proudly unveil its new official name and a special logo that reflects our renewed identity and vision for the future.

Why Attend?

As the only charity in Northern Alberta dedicated exclusively to supporting the nearly 30,000 individuals affected by epilepsy, we are committed to building understanding, reducing stigma, and celebrating the strength and resilience of people living with this often invisible neurological condition.

Come learn, connect, play, and celebrate with us!

Admission is FREE!

Everyone is welcome.
